

Clinical trials and scientific studies

Pain relief

University of Graz - Univ. - Prof. Dr. rer. nat. P. Fischer. Publishes on 26th annual conference for internal medicine in Vienna

Heart circulation

Ärztzeitschrift ZÄN Juli 1997 Universität Jena
Dr. med. G. Grohmann, Prof. Dr. Ing.-habil. M. Krauß

Harmlessness for pacemaker

Universität Karlsruhe Univ.-Prof. Dr. K. Meyer-Waarden

Sturgeon ray harmlessness

(Pacemaker) Accredited EMV-test lab fa spit,
EMV-measuring technology

Raised metabolism, in particular Ca ++

Book of the "bases of the quantum therapy"
Dr. E. P. Fischer - Professor of the University Dr. H. L. King

Cephalgia - insomnia - potency increase

Study of professor of the University Dr. R. B. Pelka, Dr. V. Moliere book "Bases of the quantum therapy"

Raised Oxygen rate

in the lung space research project 1998 with health ministry
QRS, Moscow

Blood circulation projection measurement about Thermographie

Prof. Dr. habil. W.A. Kafka, Max's Plank institute
Prof. Dr. Ing.-habil. M. Krauß

Bacterial division rate (bacterial increase)

Examination at the university high home, professor of the
University Dr. R. Süßmuth, Dr. R. Mittenzwey

Sore healing (open bone)

Study the In general casualty hospital Graz Primarius
Univ.-Prof. Dr. R. Passl

Oxygen - partial pressure projection to 300%

Great examination at the university of Saarland, literature
Book "bases of the quantum therapy" Dr. E. P. Fischer

Osteoporosis

Study and doctoral thesis at the university of Frankfurt, Prof.
Dr. L. Zichner, MD Th. Hennings, great study term 1998-2001

Disease of the motion apparatus, sleep disorders,

Shoulder, hip joint and knee joint, Neuralgias university of
Graz, Professor of the University DSc P. Fischer Dr. W. Faith,
W. Kobinger published in the Austrian magazine for physical
ones Medicine and rehabilitation

Improvement of the blood count

(Prevention of Thrombenbildung) institute EUROSPACE
Prof. Dr. habil. mult. J. Waldmann, Prof. Dr. Ing.-habil. M.
Krauß

Rheumatology and osteology

Hygiene institute of the university of Graz and teaching
hospital Marburg/Drau Univ.-Prof. Dr. rer. nat. G. Fischer,
W. Kobinger, Dr. med. J. Barovic

Blood diagnostics - blood filling volume change

Prof. Dr. EUROSPACE habil. mult. J. Waldmann,
Prof. Dr. Ing.- habil. M. Krauß, Dr. med. G. Grohmann

Toxicity of the white blood cells

Harmlessness of the QRS - use up to 2 hours
Long-term use and more. Prof. Dr. Dr. A. Varga,
university Heidelberg

Proof of the ion transport (cellulose change). Patented with QRS

Ion transport proof with +, K + and CA ++ in that
University in Szeged (Hungary) Prof. Dr. Dr. A. Varga and
Dr. D. Derlat in Max Plank institute

Magnetic field dispersion of the applications

The influencing of unconcerned with the therapy with QRS
The least distance was determined. Prof. Dr. Dr. A. Varga

Exact examinations of the field strengths, Frequency pattern

and the signal-theoretical analysis to the cause signal
Prof. Dr. QRS habil. P. Witzschel

Sore healing sacred bed sore / Ulcera cruris mult

Study in the general casualty hospital Graz Primarius
Univ.-Prof. Dr. R. Passl

Dental treatment -

blood circulation treatment of the pulp

University of Jena: MD P. Grohmann Prof. Dr. habil. mult.
J. Waldmann Prof. Dr. Ing.-habil. M. Krauß

Heart circulation - Control of sympathetic nervous system by QRS

Prof. Dr. Fischer AG Institut - Technologie Center - Chemnitz
Prof. Dr. Ing.-habil M. Krauß

Gonarthrosis

Double blind study MD J. Barovic, lecturer Dr. Z. Turk, university hospital Marburg professor of the University
DSc P. Fischer, Universität Graz

Parkinson

Case study university of Trinidad and Tobago professor of the University Dr. R. C. Posthoff professor of the University
Dr. R. Saunders

Treatment of cancer

Clinic "La Torre" Turin Prof. Dr. med. M. Grandi QRS therapy and oncology, pilot study in 2001

Ocular treatment - blood circulation change in the retina

University of Jena Prof. Dr. habil. mult. J. Waldmann Prof. Dr. Ing.-habil. M. Krauß MD P. Grohmann

Osseous healing - osteoporosis - intervertebral disc ailment

Pilot study Edith calculus-specialty clinic, neurology and orthopaedics Professor of the University MD E. palm

QRS customer-field study,

30,000 QRS users, 100 case studies university Munich Professor of the University Dr. R. B. Pelka

Fitness sport / Laktat and body balance

Double blind study university of the armed forces of Munich Univ.-Prof. Dr. R. B. Pelka

Pain study with cancer patients

Clinic Wilhelmshaven, 50% of cancer patients professor of the University Dr. med. W. Wehner

Stroke study

Karl's Franzens university of Graz land hospital Sigmund Freud, dissertation Prof. Dr. rer. nat. P. Fischer, MD W Schmidt

Ocular diseases

Specialty institute of ophthalmology bath Sound Dr. Stoiser University of Graz Prof. Dr. rer. nat. P. Fischer

Stress study

Institute of applied stress research university of Graz Prof. Dr. S. Porta

Internist broad case studies - Dr. Haas

University of the armed forces of Munich professor of the University Dr. R. B. Pelka

Quantum medicine Publications

Bases of the quantum therapy

ISBN 3-9520580-4-9

Body electricity

ISBN 3-9520560-5-7

Gonarthrosis: Rheumatism, arthrosis,

Pain and drugs reduction

ISBN 3-908560-30-9

Parkinson

ISBN 3-908560-01-2

The medicine product adviser MPB

ISBN 3-908560-02-0

QRS-Sport-Fitnesstudie 2001

ISBN 3-908560-07-1

QRS customer-field study in 2001

ISBN 3-908560-06-3

QRS Magnetfeld-Therapie present and future

ISBN 3-908560-05-5

Electric smog

ISBN 3-8311-3097-3

Weather sensitivity,

New chances of the healing,scientific study

ISBN 3-908560-00-4
